REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL

STATEMENTS TO THE BOARD OF DIRECTORS OF ABU DHABI ISLAMIC BANK PJSC

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Abu Dhabi Islamic Bank PJSC ("the Bank") and its subsidiaries (together "the Group") as at 30 September 2017, comprising of the interim condensed consolidated statement of financial position as at 30 September 2017 and the related interim condensed consolidated statement of income and interim condensed consolidated statement of comprehensive income for the three month and nine month periods then ended and the interim condensed consolidated statement is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard IAS 34 Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

Abu Dhabi Islamic Bank PJSC

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS 30 September 2017 (Unaudited)

1 LEGAL STATUS AND PRINCIPAL ACTIVITIES

Abu Dhabi Islamic Bank PJSC ("the Bank") was incorporated in the Emirate of Abu Dhabi, United Arab Emirates (UAE), as a public joint stock company with limited liability, in accordance with the provisions of the UAE Federal Commercial Companies Law No. (8) of 1984 (as amended) and the Amiri Decree No. 9 of 1997. The Federal Law No. 2 of 2015, concerning Commercial Companies has replaced the existing Federal Law No. 8 of 1984.

The Bank and its subsidiaries ("the Group") carry out full banking services, financing and investing activities through various islamic instruments such as Murabaha, Istisna'a, Mudaraba, Musharaka, Ijara, Wakalah, Sukuk etc. The activities of the Bank are conducted in accordance with Islamic Shari'a, which prohibits usury as determined by the Fatwa and Shari'a Supervisory Board of the Bank, and within the provisions of the Articles and Memorandum of Association of the respective entities within the Group.

In addition to its main office in Abu Dhabi, the Bank operates through its 81 branches in UAE (2016: 86 branches) and 3 overseas branches in Iraq, Qatar and Sudan and subsidiaries in the UAE and the United Kingdom. The interim condensed consolidated financial statements combine the activities of the Bank's head office, its branches and subsidiaries.

The registered office of the Bank is at P O Box 313, Abu Dhabi, UAE.

The interim condensed consolidated financial statements of the Group were authorised for issue by the Board of Directors on 22 October 2017.

2 **DEFINITIONS**

The following terms are used in the consolidated financial statements with the meanings specified:

Murabaha

A sale contract, in which the Group sells to a customer a physical asset, goods, or shares already owned and possessed (either physically or constructively) at a selling price that consists of the purchase cost plus a mark-up profit.

Istisna'a

A sale contract, in which the Group (Al Saanee) sells an asset to be developed using its own materials to a customer (Al Mustasnee) according to pre-agreed upon precise specification, at a specific price, installments dates and to be delivered on a specific date. This developed asset can be either developed directly by the Group or through a subcontractor and then it is handed over to the customer on the pre-agreed upon date.

Ijara

A lease contract whereby the Group (the Lessor) leases to a customer (the Lessee) a service or the usufruct of an owned or rented physical asset either exists currently or to be constructed in future (forward lease) for a specific period of time at specific rental installments. The lease contract could be ended by transferring the ownership of a leased physical asset through an independent mode to the lessee.

Qard Hasan

A non-profit bearing loan that enables the borrower to use the borrowed amounts for a specific period of time, at the end of which the same borrowed amounts would be repaid free of any charges or profits.

2 **DEFINITIONS** continued

Musharaka

A contract between the Group and a customer to entering into a partnership in an existing project (or to be established), or in the ownership of a specific asset, either on ongoing basis or for a limited time, during which the Group enters in particular arrangements with the customer to sell to him/her its share in this partnership until he/she becomes the sole owner of it (diminishing musharaka). Profits are distributed according to the mutual agreement of the parties as stipulated in the contract; however, losses are borne according to the exact shares in the Musharaka capital on a pro-rata basis.

Mudaraba

A contract between the Group and a customer, whereby one party provides the funds (Rab Al Mal) and the other party (the Mudarib) invests the funds in a project or a particular activity and any generated profits are distributed between the parties according to the profit shares that were pre-agreed upon in the contract. The Mudarib is responsible of all losses caused by his misconduct, negligence or violation of the terms and conditions of the Mudaraba; otherwise, losses are borne by Rab Al Mal.

Wakalah

A contract between the Group and a customer whereby one party (the principal: the Muwakkil) appoints the other party (the agent: Wakil) to invest certain funds according to the terms and conditions of the Wakala for a fixed fee in addition to any profit exceeding the expected profit as an incentive for the Wakil for the good performance. Any losses as a result of the misconduct or negligence or violation of the terms and conditions of the Wakala are borne by the Wakil; otherwise, they are borne by the principal.

Sukuk

Certificates which are equal in value and represent common shares in the ownership of a specific physical asset (leased or to be leased either existing or to be constructed in future), or in the ownership of cash receivables of selling an existing-owned asset, or in the ownership of goods receivables, or in the ownership of the assets of Mudaraba or Partnership companies. In all these cases, the Sukuk holders shall be the owners of their common shares in the leased assets, or in the cash receivables, or the goods receivable, or in the assets of the Partnership or the Mudaraba.

3 BASIS OF PREPARATION

3.1 (a) Statement of compliance

The interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting and in compliance with general principles of the Shari'a as determined by the Group's Fatwa and Shari'a Supervisory Board.

3.1 (b) Accounting convention

The interim condensed consolidated financial statements have been prepared under the historical cost convention except for investments carried at fair value through profit or loss, investments carried at fair value through other comprehensive income, Shari'a compliant alternatives of derivative financial instruments which have been measured at fair value and land, held as property and equipment, which has been carried at revalued amount.

The interim condensed consolidated financial statements have been presented in UAE Dirhams (AED), which is the functional currency of the Bank and all values are rounded to the nearest thousand AED except where otherwise indicated.

3 BASIS OF PREPARATION continued

3.1 (c) Basis of consolidation

The interim condensed consolidated financial statements comprise the financial statements of the Bank and those of its following subsidiaries:

*The Bank does not have any direct holding in these entities and they are considered to be a subsidiary by virtue of control.

These interim condensed consolidated financial statements include the operations of the subsidiaries over which the Bank has control. Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

The financial statements of the subsidiaries are prepared for the same reporting year as the Bank, using consistent accounting policies. All intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions are eliminated in full.

Non-controlling interest represent the portion of the net income or loss and net assets of the subsidiaries not held by the Group and are presented separately in the interim consolidated statement of comprehensive and within equity in the interim consolidated statement of financial position, separately shareholders' equity of the Bank.

3.2 Significant judgements and estimates

The preparation of the interim condensed consolidated financial statements in conformity with the International Financial Reporting Standards requires management to make judgment, estimates and assumptions that affect the application of accounting policies and reported amounts of financial assets and liabilities and the disclosure of contingent liabilities. These judgments, estimates and assumptions also affect the revenue, expenses and provisions as well as fair value changes.

These judgments, estimates and assumptions may affect the reported amounts in subsequent financial years. Estimates and judgments are currently evaluated and are based on historical experience and other factors. In order to reduce the element of subjectivity, the Group has laid down clear criteria to enable estimation of future cash flows. As estimates are based on judgments, actual results may differ, resulting in future changes in such provisions.

In preparing these interim condensed consolidated financial statements, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty are the same as those applied to the consolidated financial statements as at and for the year ended 31 December 2016.

4 SIGNIFICANT ACCOUNTING POLICIES

The interim condensed consolidated financial statements do not contain all information and disclosures required for full consolidated financial statements prepared in accordance with International Financial Reporting Standards, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2016. In addition, results for the nine months ended 30 September 2017 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2017.

As required by Securities and Commodities Authority of UAE ("SCA") notification no. 2635/2008 dated 12 October 2008, accounting policies related to financial instruments as disclosed in the annual consolidated financial statements are provided below:

The accounting policies used in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2016.

During the period, the Group has applied, for the first time, certain standards and amendments that require restatement of previous financial statements. However, they do not impact the interim condensed consolidated financial statements of the Group. The nature and the impact of each new standard or amendment are described below:

IAS 7: Statement of Cash Flows (Amendment) was issued with the intention to improve disclosers of financing activities and help users to better understand reporting entities' liquidity positions. Under the new requirements, entities will need to disclose changes in their liabilities as a result of financing activities such as changes from cash flows and non-cash items. The amendment does not impact the consolidated financial statements of the Group.

IAS 12: Income Taxes (Amendment) clarifies the accounting treatment of deferred tax assets of Sukuk measured at fair value for accounting, but measured at cost for tax purposes The amendment does not impact the consolidated financial statements of the Group.

Annual Improvements 2014-2016 Cycle

These improvements are effective for annual periods beginning on or after 1 January 2017. The improvements did not impact the consolidated financial statements of the Group. They include:

IFRS 12 Disclosure of Interest in Other Entities (Amendment) clarifies that the disclosure requirements in IFRS 12, other than those in paragraphs B10–B16, apply to an entity's interest in a subsidiary, a joint venture or an associate (or a portion of its interest in a joint venture or an associate) that is classified (or included in a disposal group that is classified) as held for sale. The amendment does not impact the consolidated financial statements of the Group.

Financial Instruments

Recognition and Measurement

Financial instruments comprise financial assets and financial liabilities. Financial assets of the Group are further analysed as:

- Customer financing;
- Balances and wakala deposits Islamic banks and other financial institutions;
- Murabaha and mudaraba with financial institutions;
- Investment in sukuk;
- Investment in equity instruments;
- Trade and other receiveables; and
- · Sharia compliant alternatives of derivatives.

The Group's customer financing comprise the following:

- Murabaha and other Islamic financing; and
- Ijara financing.

Effective 1 January 2011, the Group early adopted classification and measurement principles of IFRS 9 'Financial Instruments' in issue at that time in line with the transitional provisions of IFRS 9.

Financial assets are classified in their entirety on the basis of the Group's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Financial assets are measured either at amortised cost or fair value.

Classification

Financial assets at amortised cost

Murahaba and other Islamic financing and Ijara financing i.e. customer financing and investment in sukuk, are measured at amortised cost, if both the following conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

Financial assets at fair value through profit or loss ("FVTPL")

Investments in equity instruments are classified as FVTPL, unless the Group designates an investment that is not held for trading as at fair value through other comprehensive income ("FVTOCI") on initial recognition.

Other financial assets that do not meet the amortised cost criteria are classified as FVTPL. In addition, certain financial assets that meet the amortised cost criteria but at initial recognition are designated as FVTPL in line with the business model of the Group. A financial asset may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognizing the gains or losses on them on different basis.

Financial asset are reclassified from amortised cost to FVTPL when the business model is changed such that the amortised cost criteria are no longer met. Reclassification of financial assets that are designated as FVTPL on initial recognition is not allowed.

Financial Instruments continued

Classification continued

Financial assets at fair value through other comprehensive income ("FVTOCI")

At initial recognition, the Group can make an irrevocable election (on instrument-by-instrument basis) to designate investments in equity instruments as FVTOCI.

A financial asset is FVTPL if:

- it has been acquired principally for the purpose of selling in the near term;
- on initial recognition it is part of identified financial instrument that the Group manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is a Shari'a compliant alternatives of derivative financial instruments and not designated and effective as a hedging instrument or a financial guarantee.

Measurement

Financial assets or financial liabilities carried at amortised cost

Financial assets at amortised cost including customer financing and investment in sukuk are measured at amortised cost, less any reduction for impairment. Amortised cost is calculated using the effective profit rate method. Premiums and discounts, including initial transaction costs, are included in the carrying amount of the related instrument and amortised based on the effective profit rate of the instrument.

Balances and deposits with banks and other financial institutions, Murabaha and Mudaraba with financial institutions, Murabaha, Ijara, Mudaraba and certain other Islamic financing are financial assets with fixed or expected profit payments. These assets are not quoted in an active market. They arise when the Group provides funds directly to a customer with no intention of trading the receivable. Financial liabilities are liabilities where the Group has a contractual obligation to deliver cash or another financial asset or exchange financial instruments under conditions that are potentially unfavourable to the Group.

Balances and wakala deposits with Islamic banks and other financial institutions are stated at amortised cost less amounts written off and provision for impairment, if any.

Murabaha and mudaraba with financial institutions are stated at amortised cost (which excludes deferred income or expected profits) less provisions for impairment.

Islamic financing consist of murabaha receivables, mudaraba, Istisna'a, Islamic covered cards (murabaha based) and other Islamic financing.

Istisna'a cost is measured and reported in the consolidated financial statements at a value not exceeding the cash equivalent value.

Other Islamic financing are stated at amortised cost (which excludes deferred income) less any provisions for impairment.

The Ijara is classified as a finance lease, when the Bank undertakes to sell the leased assets to the lessee using an independent agreement upon the maturity of the lease and the sale results in transferring all the risks and rewards incident to an ownership of the leased assets to the lessee. Leased assets represents finance lease of assets for periods, which either approximate or cover a major part of the estimated useful lives of such assets. Leased assets are stated at amounts equal to the net investment outstanding in the leases including the income earned thereon less impairment provisions.

Financial Instruments continued

Measurement continued

Financial assets at fair value through profit or loss ("FVTPL")

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the consolidated income statement. The net gain or loss recognised in the consolidated income statement is included within 'investment income' in the consolidated income statement.

Financial assets at fair value through other comprehensive income ("FVTOCI")

Investments in equity instruments are initially measured at fair value plus transaction costs. Subsequently they are measured at fair value with gains and losses arising from changes in fair value recognised in the consolidated statement of other comprehensive income and accumulated in the cumulative changes in fair values within equity. Where the assets are disposed off, the cumulative gain or loss previously accumulated in the cumulative changes in fair values is not transferred to the consolidated income statement, but is reclassified to retained earnings. Financial assets measured at FVTOCI are not required to be tested for impairment.

For investments quoted in active market, fair value is determined by reference to quoted market prices.

For other investments, where there is no active market, fair value is normally based on one of the following:

- the expected cash flows discounted at current profit rates applicable for items with similar terms and risk characteristics
- brokers' quotes
- recent market transactions

Dividends on investment in equity instruments are recognised in the consolidated income statement when the Group's right to receive the dividend is established, unless the dividends clearly represent a recovery of part of the cost of investment.

12 BASIC AND DILUTED EARNINGS PER SHARE

Basic earnings per share amounts are calculated by dividing the profit for the period attributable to ordinary equity holders of the Bank by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share amounts are calculated by dividing the profit for the period attributable to ordinary equity holders of the Bank by the weighted average number of ordinary shares outstanding during the period, adjusted for the effects of any financial instruments with dilutive effects.

The following reflects the income and shares data used in the earnings per share computations:

Goodwill

For the purpose of impairment testing, goodwill is allocated to the Bank's operating divisions which represent the lowest level within the Bank at which the goodwill is monitored for internal management purposes.

Other intangible assets

Customer relationship intangible asset represents the value attributable to the business
expected to be generated from customers that existed at the acquisition date. In determining
the fair value of customer relationships, covered cards customers were considered separately,
given their differing risk profiles, relationships and loyalty. The relationships are expected to
generate material recurring income in the form of customer revenues, fees and commissions.

Core deposit The value of core deposit intangible asset arises from the fact that the expected profit distribution on these deposits, governed by their contractual terms, are expected to be lower than other wholesale or treasury sukuk instruments' expected profit distributions. The spread between the expected profit distributions on these deposits and sukuk instruments represents the value of the core deposit intangible.

Tier 1 sukuk – Listed

On 19 November 2012, the Bank through a Shari'a compliant sukuk arrangement has issued Tier 1 sukuk – Listed (the "Sukuk") amounting to AED 3,672,500 thousand (USD 1 billion). This Sukuk was issued under the authorities approved by the shareholders of the Bank in the Extraordinary General Meeting held on 21 October 2012. Issuance costs amounting to AED 37,281 thousand were incurred.

This Sukuk is a perpetual security in respect of which there is no fixed redemption date and constitute direct, unsecured, subordinated obligations of the Bank subject to the terms and conditions of the mudaraba. The sukuk is listed on the London stock exchange and is callable by the Bank after period ending on 16 October 2018 (the "First Call Date") or any profit payment date thereafter subject to certain conditions. The Sukuk bear an expected mudaraba profit rate of 6.375% payable during the initial period of six years semi-annually in arrears. After the initial period, and for every 6th year thereafter, resets to a new expected mudaraba profit rate based on the then 6 year LIBOR rate plus an expected margin of 5.393% Profit distributions will be reported in the consolidated statement of changes in equity.

30 TIER 1 SUKUK continued

Tier 1 sukuk – Listed continued

The Bank may, at its sole discretion, elect not to make any Mudaraba profit distributions as expected and the event is not considered an event of default. If the Bank makes a non-payment election or a non-payment event occurs, then the Bank will not (a) declare or pay any distribution or dividend or (b) redeem, purchase, cancel, reduce or otherwise acquire any of the share capital or any securities of the Bank ranking pari passu with or junior to the Sukuk except securities, the term of which stipulate a mandatory redemption or conversion into equity, in each case unless or until the occurrence of two consecutive expected mudaraba profit distribution.

Tier 1 sukuk – Government of Abu Dhabi

On 16 April 2009, under the Government of Abu Dhabi Bank capitalisation programme, the Bank has issued Tier 1 sukuk (the "Sukuk-Gov") to the Department of Finance of the Government of Abu Dhabi, with a principal amount of AED 2,000,000 thousand. Issuance of this Sukuk-Gov was approved by the shareholders of the Bank in the Extraordinary General Meeting held on 22 March 2009.

This Sukuk-Gov is a perpetual security in respect of which there is no fixed redemption date and constitute direct, unsecured, subordinated obligations of the Bank subject to the terms and conditions of the Mudaraba. The Sukuk-Gov is callable by the Bank subject to certain conditions. The Sukuk-Gov bear an expected mudaraba profit rate of 6% payable during the initial period of five years semi-annually in arrears and, after the initial period, bear an expected variable mudaraba profit rate payable of 6 months EIBOR plus an expected margin of 2.3%. Profit distributions will be reported in the consolidated statement of changes in equity.

The Bank may, at its sole discretion, elect not to make any Mudaraba profit distributions as expected and the event is not considered an event of default. If the Bank makes a non-payment election or a non-payment event occurs, then the Bank will not (a) declare or pay any distribution or dividend or (b) redeem, purchase, cancel, reduce or otherwise acquire any of the share capital or any securities of the Bank ranking pari passu with or junior to the Sukuk except securities, the term of which stipulate a mandatory redemption or conversion into equity, in each case unless or until the occurrence of two consecutive expected mudaraba profit distribution.

31 CONTINGENT LIABILITIES AND COMMITMENTS

Credit related commitments include commitments to extend Islamic credit facilities, standby letters of credit, guarantees, which are designed to meet the requirements of the Bank's customers.

Commitments to extend Islamic credit facilities represent contractual commitments under Islamic financing contracts. Commitments generally have fixed expiration dates, or other termination clauses and normally require the payment of a fee. Since commitments may expire without being drawn upon, the total contract amounts do not necessarily represent future cash requirements.

Standby letters of credit and guarantees commit the Bank to make payments on behalf of customers contingent upon the failure of the customer to perform under the terms of contracts.

32 COMPLIANCE RISK REVIEW

Given its commitment to best practice governance, in 2014 the Bank appointed external legal counsel to assist in reviewing its compliance with sanctions laws, and its compliance processes generally. The external legal counsel is yet to complete its review, and to the extent that this review assists the Bank in the identification of any additional steps that can be taken to ensure compliance with applicable sanctions laws, the Bank will enhance its processes accordingly. The Bank is continuing its internal review, and it is premature to speculate on any potential impact on the Bank. The Bank will share the outcome of the internal review with the relevant regulator once it is finalized.

Geographical information

The Group operates in two principal geographic areas that are domestic and international. The United Arab Emirates is designated as domestic area which represents the operations of the Group that originates from the U.A.E. branches, associates, joint ventures and subsidiaries; and international area represents the operations of the Bank that originates from its branches in Iraq, Qatar and Sudan and through its subsidiaries and associates outside U.A.E. Given that, UAE contributes the majority of the revenues and the Group's total assets in UAE represent a significant portion of its total assets and liabilities, hence no further geographical analysis of segment revenues, expenses, operating profit (margin), assets and liabilities is presented.

36 FINANCIAL RISK MANAGEMENT

The Group measures its exposure to credit risk by reference to the gross carrying amount of financial assets less amounts offset and impairment losses, if any. The table shows the maximum exposure to credit risk / price risk for murabaha, mudaraba, ijara, other Islamic financing and investments. Details of credit risk arising from contingencies and commitments are disclosed in note 31 to the interim condensed consolidated financial statements.

39 SEASONALITY OF RESULTS

The nature of Group's business is such that the income and expenditure are incurred in a manner, which is not impacted by any forms of seasonality. These interim condensed consolidated financial statements were prepared based upon accrual concept, which requires income and expenses to be recorded as earned or incurred and not as received or paid throughout the period.

40 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value measurement recognized in the interim consolidated statement of financial position

The Group uses the following hierarchy for determining and disclosing the fair value of financial instrument by valuation technique:

Level 1: quoted (unadjusted prices in active markets for identical assets or liabilities).

- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.
