## Profit Rate Illustration For Investment Deposit Account (TD)

Assumptions:	
Investment Amount in the calendar month	AED 100,000
Achieved Profit Rate by the End of the same calendar month	0.66%
Achieved Distributed Profit Rate by the End of the same calendar month	0.36%
Investment Risk Reserve (Should not be more than 50% of the achieved profit)	0.30%
Number of days in the month	30 days

### Calculation:

- Profit Distribution Calculation for the same calendar month = Investment Amount in the calendar month \* Achieved Distributed Profit Rate by the End of the same calendar month \* Number of days in the calendar month / 365  
Profit Distribution Calculation for the same calendar month = AED 100,000 \* 0.36%\*30/365) = AED 29.589

\* Achieved Profit, if any, for each calendar month is calculated by the end of such month in accordance with latest terms and conditions of General Terms and Conditions for Accounts and Islamic Banking Services and the Announcement of Profit Distribution Method announced across all of the Bank's branches and at [www.adib.ae](http://www.adib.ae)
